

Lighting fixtures for potentially explosive atmospheres – Zone 2,22
Светильники для среды с опасностью взрыва - Зона 2,22

Application: indoor and outdoor premises with a danger of explosion

Body: white painted metal sheet or stainless steel sheet

Cover: hardened safety glass 5mm thick fastened on the body by means of metal clips

Reflector: white painted metal sheet 0,6mm thick

System of fastening: suspension on steel cable or chain by means of steel brackets or direct installation on the base by means of screws.

Technical parameters of the fixtures are referred in table on page 142.
